*Moving Beyond the 9-14 Pathway*

Jo Anne Honeycutt, DPI

# *Working Session I: Moving Beyond the 9-14 Pathway*

- What are the barriers to broadening existing 9-14 pathways to serve adult and dislocated workers?*
- What additional support(s) will engaged employers need to effectively provide WBL opportunities to workers beyond 9-14?*
- What additional curriculum/coursework must be developed to serve adult and dislocated workers along existing pathways?*
- How will career awareness services change for workers beyond 9-14?*
- What role will each team member (K-12, Community College, WDB) play in broadening the pathway beyond 9-14?*

*NCWorks Certified Pathways Conference*  
*Working Session II:*  
*From Local to Regional: Growing the Pathway*

**Dr. Lisa Chapman, NCCCS**

## *Working Session II: From Local to Regional: Growing the Pathway*

- What are the barriers to developing workforce development teams beyond traditional service areas?*
- How can regional teams effectively engage employers in pathway development without duplication of efforts/requests?*
- How can multiple workforce boards, community colleges and LEAs within a region align resources to serve pathway enrollees?*
- How can local teams keep employers engaged in efforts to develop broader, regional pathways?*

*NCWorks Certified Pathways Conference  
Working Session III:  
Using Sector Partnership Planning Grants  
to Design Career Pathways*

**Catherine Moga Bryant, Commerce**

## *Working Session III: Using Sector Partnership Planning Grants to Design Career Pathways*

- How can planning grant funds help with collaboration efforts in the design of a new career pathway?*
- What are immediate first steps to pathway development that may need financial support to complete?*
- How can WDBs engage with regional partners during the planning grant application process to ensure requested funds meet “team” needs rather than only “WDB” needs?*
- How can awarded planning grant funds be used to engage employers?*
